

# Dragon Fruit Cutting (with thorns) – Sam Hesp\*

\*The thorns are a slightly modified (surrounding areas are unsunk) version of those on Robert Lang's cactus (<https://langorigami.com/crease-pattern/cactus-opus-680/>). Tessellate at each of the "peaks", resulting in a 50 x 27 grid. The angled creases will need to be adjusted slightly to allow room for the thorns:
